

How to carve your pumpkin

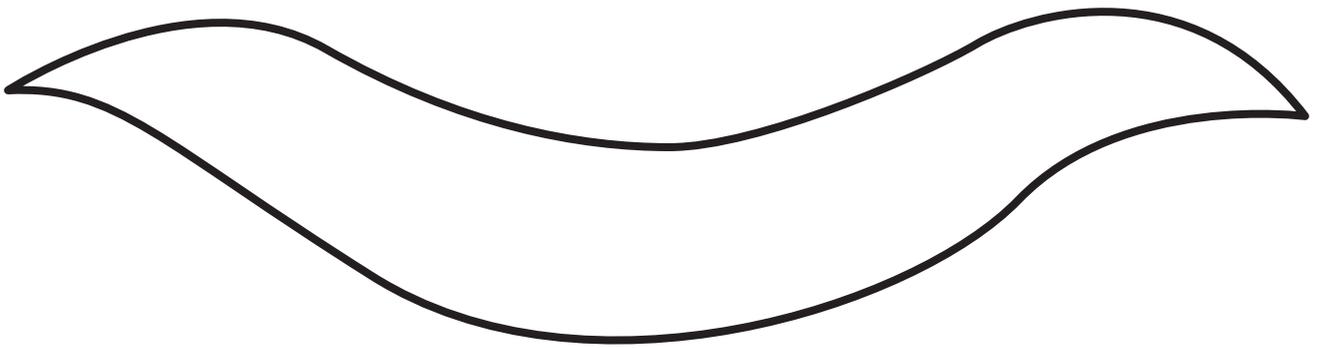

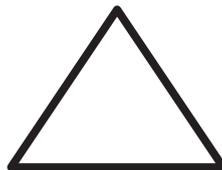

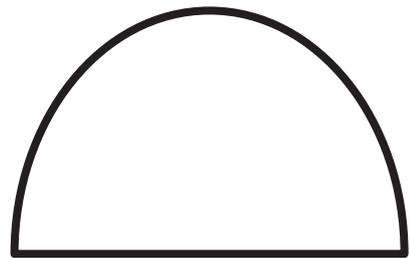

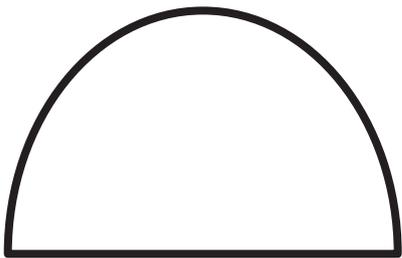

- 1 Cut a hole at the top of your pumpkin with paring knife and scoop out flesh
- 2 Once your pumpkin is hollow, secure stencil firmly with tape
- 3 Trace the outline of the stencil by poking holes into pumpkin using a sharp metal skewer
- 4 Remove stencil and carve along pattern using a paring knife
- 5 Insert tea light candles

SAFETY: ensure carving takes place on a flat, dry surface. Always take care when handling knives.
